CARRANZ'S ARMY BACKING BANDITS

FUNSTON URGES DEPARTMENT TO SEND MORE TROOPS TO BORDER.

San Antonio, Tex., June 12.—Army officers here are convinced that Luis de la Rosa has obtained from certain officers of Carranza's army promises of support in any border warfare that he might make against Americans. Officials of the Department of Justice and of the State Department have sent to Washington and to army headquarters evidence regarded by officers here as reliable that de la Rosa has been given some assurance that he will not be molested by the de facto government troops, and from at least one officer of Carranza's army the promise of co-operation.

Not all of Carranza's officers are said to be in the plot, and Gen. Funston credited Gen. Ricaut with all sincerity when he told Gen. Mann at Laredo that he would make such disposition of his troops along the border to prevent, if possible, any raiding by de la Rosa or other bandit leaders.

Reports that de la Rosa had been arrested at Monterey had been confirmed today. He has been entering and leaving Monterey with apparent immunity for some time and army officers here have taken that as an indication that only feeble efforts were being made to capture him.

A large part of the little band of raiders that appeared on Coleman's ranch already has been eliminated and armed civilians and American soldiers were scouring the country in the vicinity of Webb late today in an effort to wipe out the remainder. It was feared that de la Rosa's plan of campaign might include the dispatching of bands of such small numbers that running them down would be more difficult than if larger units were employed.

From Brownsville to points in the Big Bend district American soldiers now are patrolling the Rio Grande to prevent the crossing of other raiders, but the military force is far too tight and Gen. Funston's insistence that he be given more troops will not, it was stated tonight, be lessened by the sending of one thousand more coast artillery and a battalion of engineers.

The coast artillerymen who have been ordered here will be sent immediately to border stations, but to just what points has not been determined. The engineering force probably will be stationed in the vicinity of one or more of the bridges crossing the Rio Grande.

Passengers coming from Mexico report increasing economic difficulties in Mexico and a growing anti-American feeling, especially in the northern part of the republic. Official sanction has been obtained for holding anti-American meetings that have taken place in many towns. A copy of La Reforma, published at Saltillo, reached here today, in which four columns were used to explain why all the residents of the place should participate in a mass meeting that had been called there to protest against the "intrigues of the White House," and to display their loyalty in the event of hostilities between Mexico and the United States. La Reforma is regarded as a semi-official newspaper.

CONVICTS DECREASED BY PROHIBITION LAW

Over a Hundred Less Now in Camps Than Previous Month.

(Morning News.) Prisoners in the county convict camps during the month of May averaged about 100 less than the previous month, according to figures set forth in the report for May of T. Newell West, county superintendent.

The report, submitted at a meeting of the County Commissioners yesterday, shows the decrease is attributed to the new prohibition law.

On May 31 the report shows there was a total of 489 convicts in the seven camps. Of these eighty-two were women. During the month there was an average of 539 working daily for the county. The cost of guarding, the report says, was \$3,122.86 and feeding, \$2,416.31, an average cost of \$10.44 a month for each convict.

Had Suffered For Over Eight Years

DOCTORS ADVISED AN OPERATION BUT SIMPLE REMEDY MADE IT UNNECESSARY.

For over eight years Mr. U. S. G. Henry, 806 East 6th St., Oklahoma City, had suffered with stomach and liver trouble until finally he could no longer stand the pain. He says: "The doctors told me nothing but an operation would give me relief. I decided to first try Fruitful and Traxo. It relieved me of a quantity of gall stones and I have no further pain or trouble from my ailment."

He would not take \$500.00 for what your remedies have done for me.

Fruitful, as the name implies, is a pure fruit oil, combined with certain harmless salts, and acts as a lubricant on the intestinal wall softening the congested masses, disintegrating the hardened particles that cause so much suffering and expelling them.

Traxo acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation. It is a splendid tonic and serves to build up and restore the weakened run-down system.

Fruitful and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Statesboro they can be obtained at the W. H. Ellis Co.

HUGHES IS NAMED REPUBLICAN LEADER

(Continued from page 1.)

ence and prestige though unfortunately sacrificed; and brave words have been stripped of their force by indecision. Our desire to see our diplomatic restored to its best standards and to have these advanced; to have no sacrifices of national interest to partisan expediencies; to have the first ability of the country always at its command here and abroad, in diplomatic intercourse; to maintain firmly our rights under international law; insisting steadfastly upon all our rights as mutual and fully performing our international obligations; and by the clear correctness and justness of our position and our manifest ability and position to sustain them to dignify our place among the nations.

I stand for an Americanism that knows no ulterior purpose; for a patriotism that is single and complete. Whether native or naturalized, or whatever race or color we are but one and we do not for an instant tolerate any division of allegiance. I believe in making prompt provisions to assure absolutely our national security. I believe in preparedness, not only in respect to numbers and equipment in both army and navy, but with all thoroughness to the end that in each branch of the service there may be the utmost efficiency under the most competent administrative heads. We are devoted to the ideals of honorable peace. We wish to promote all wise and practicable measures for the just settlement of international disputes. In view of our abiding ideals, there is no danger of militarism in this country. We have no policy of aggression; no lust for territory; no zeal for strife. It is in this spirit that we demand adequate provision for national defense and we condemn the inexcusable neglect that has been shown in this matter of first national importance. We must have the strength which self respect demands; the strength of an efficient nation ready for every emergency.

Our preparation must be industrial and economic as well as military. Our severest tests will come after the war is over. We must make a fair and wise re-adjustment of the tariff in accordance with sound protective principle, to insure our economic independence and to maintain American standards of living. We must conserve the just interests of labor, realizing that in democracy patriotism and national strength must be rooted in even-handed justice. In preventing, as we must,

unjust discriminations and monopolistic practices, we must still be zealous to assure the disposition to sustain them to foundations of honest business. Particularly should we seek the expansion of foreign trade. We must not throttle American enterprise, here or abroad, but rather promote it and take pride in honorable achievements. We must take up the serious problems of transportation, of interstate and foreign commerce, in a sensible and candid manner, and provide an enduring basis for prosperity by the intelligent use of the constituent powers of congress, so as adequately to protect the public on the one hand, and on the other, to conserve the essential instrumentalities of progress.

I stand for the principles of our civil service laws. In every department of the government the highest efficiency must be insisted upon. For all laws and programs are vain without efficient and impartial administration.

I cannot within the limits of this statement speak upon all subjects that will require attention. I can only say that I fully indorse the platform you have adopted.

I deeply appreciate the responsibility you impose upon me, and I have been glad to have that responsibility placed upon another. But I shall undertake to meet it, grateful for the confidence you express. I sincerely trust that all former differences may be forgotten and that we may have united effort in a patriotic realization of our national need and opportunity.

I have resigned my judicial office and I am ready to devote myself unreservedly to the campaign.

CHARLES E. HUGHES.

Wilson Administration Obviously "Dee-lighted"

Washington, D. C., June 10.—Word that Justice Hughes and Colonel Roosevelt had been nominated by the two conventions in Chicago was communicated to President Wilson immediately. There was no formal comment but administration supporters were obviously delighted.

How To Get Rid of a Cold. Read how C. E. Summers, Holmdel, Neb., got rid of his cold: "I contracted a severe cold and could hardly sleep. By using Foley's Honey and Tar as directed my cough was entirely cured and I gave it full credit for my speedy recovery." Foley's always soothes and heals. Children love it. Sold by Bulloch Drug Co.

No. 666 This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Colomel and does not gripe or sicken. 25¢

LARSEN WILL OPPOSE HUGHES FOR CONGRESS

WITNES INCUMBENT, HOWEVER, THAT HE IS STILL HIS FRIEND.
(Dublin Courier-Herald.)

Judge W. W. Larsen today announced that he is a candidate for the congressional nomination from the Twelfth congressional district, in the primary of September 12th next. He also gave out for publication a letter he has sent to Congressman Hughes informing him of his intentions, and expressing nothing but the kindest feeling for the present congressman.

For some time Judge Larsen has been considering the matter of getting into this race, and assurances of support have been given him from all over the Twelfth district. He has a great many strong friends in the county, and will make an interesting race for any opponent he may have.

Judge Larsen has been prominent in public affairs for several years. He was executive secretary in the governor's office at Atlanta for several years, when living in Swainsboro, and later he moved to Dublin, where he began the practice of law. He was appointed to fill the ad interim term succeeding the late Judge K. J. Hawkins on the superior court bench of the Dublin circuit. He is an able and energetic lawyer, a man of ability and wide experience and would make the district a splendid congressman in every way.

His letter to Congressman Hughes is below:
"Hon. Dudley M. Hughes, M.C.
Washington, D. C.
Dear Sir: Yielding to the importunities of partial friends, and the promptings of ambition, I shall announce myself a candidate for Congress in the district subject to the forthcoming primary of September 12th.

"I assume that you will be a candidate for re-election. Should such be the case, I trust that when the contest has ended that warm personal friendship which now exists between us will not have become chilled in the least, and that nothing said by either of us in the heat of debate or otherwise, can be construed as an intended reflection upon the other.

"It will be my purpose to conduct the campaign upon as high plane as I am capable, and I know that you will do the same. With kindest regards, I am,
"Your friend,
"W. W. LARSEN."
It is understood here at this time that Congressman Hughes will be a candidate for re-election, although no formal announcement has been made by him yet.

TELLS WHAT SHE THINKS.

Anna Hawn, Cedar Grove, Mo., writes: "We think Foley Cathartic Tablets are the best liver pill I ever got hold of, as they do not gripe or gripe, but act freely on the liver." Recommended for constipation, bloating, sour stomach, gas on stomach, bad breath, clogged or irregular bowel action. Sold by Bulloch Drug Co.

FOOLING WITH HEALTH SERIOUS

I have frequently asked druggists what do you push in a blood medicine, the answer usually came, "The kind I can make the most money on." My answer has always been "not me." I have succeeded pretty well and I have always recommended the one that I had found by experience to be the best and the one I would be willing to take myself or give to members of my own family. I have never offered the public a medicine that we do not use at home. This is why I can offer Number 40 For The Blood, with a clear conscience.

"I have only tried it on thousands of others but on ourselves. We take it in all cases where a blood medicine is needed no matter in what form it shows itself and we get satisfactory results."

If every one would begin in the spring and take 40 they would escape malaria and fevers in all forms, also liver and kidney troubles. J. C. Mendenhall, 40 years a druggist, Evansville, Ind. Sold by BULLOCH DRUG CO.

Here's A 'Tip' On Rheumatism Follow It

AN ACCURATE DESCRIPTION
When your arm or leg feels "all knotted" with rheumatism, when you feel as though your muscles were "tied up with a rope," you are really describing your pain accurately. Rheumatism is a condition of the body when acids and other deposits of impurities are actually "knotting up" the strands of muscles in your body, or strangling the nerves and thus producing the awful shooting pains of sciatica, lumbago, etc. Medical authorities agree that these acid deposits are carried and deposited by the blood in the various parts of the body. It stands to reason, therefore, that local application such as rubbing with so-called remedies can't do any permanent good. At best they can relieve the pain a little and only for a little while. The only way to effect a real cure is to attack the real cause—the blood. It is cleansed from the troublesome deposits by S. S. S., the reliable blood purifier that is now easing the pains and healing the ill of the third generation. S. S. S. "goes after" the impurities in the blood as relentlessly, as easily and as thoroughly as a ferret goes after rats; pursuing the poison into every vein and artery, into every nook and corner of the body, and chasing the troublesome substances out of the system. The blood thus cleansed, carries off the acid and other injurious deposits and "filters" them out of the body through the kidneys. S. S. S. is not a drug. It is a purely vegetable blood purifier. You can get S. S. S. at every drug store. But it is in addition you should like to have the advice of the doctors in charge of the hospital, to the highest bidder, for cash, the following described tract of land:
